

**RXQUEST**

**M/T**

**SUMMER-SUV-MT**

Staggered shoulder blocks improve traction and climbing capability.

**Safety**

The shield pattern which extends from the sidewall protects the sidewall from abrasions and increase traction on mud roads. The carcass is designed with three layers of polyester fabric to make it rugged and resistant to strong impacts.

■ **Grooves**

Deepened grooves allow mud to easily be discharged from the tread at both high and low speeds. The design also offers better grip when traveling on rocky or rugged roads.

■ **Shoulder Design**

Large blocks on the shoulder vastly enhance handling on muddy and rock roads.

SUMMER

WINTER

ALL SEASON

High strength capabilities (puncture and scratch resistant)

High wear resistance and braking capabilities

Uses a specialized rubber compound to create a more balanced tire with strong grip.

Specially designed tire developed for **cross-country enthusiasts**
